

The Oil Boom and After : Indonesian Economic Policy and Performance in the Soeharto Era

Edited by Anne Booth

This work provides an analysis of Indonesia's economic policies and performance in the 1980s. The topics covered include monetary, fiscal, and balance of payments policies; the performance of crucial economic sectors, including agriculture, industry, transport, and trade; and the implications of economic restructuring and deregulation policies for employment, income distribution, living standards, internal migration, and regional development. It should be of use to students of development economics and Asian Studies and policy makers.
